JURISDICTION

3. This Accusation is brought before the Director of the Department (Director), under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 26010 of the Code states:

There is in the Business, Consumer Services, and Housing Agency, the Department of Cannabis Control under the supervision and control of a director. The director shall administer and enforce the provisions of this division related to the department.

5. Section 26010.5, subdivision (d), of the Code states:

The department has the power, duty, purpose, responsibility, and jurisdiction to regulate commercial cannabis activity as provided in this division.

6. Section 26013, subdivision (a), of the Code states:

The department shall make and prescribe reasonable rules and regulations as may be necessary to implement, administer, and enforce its duties under this division in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Those rules and regulations shall be consistent with the purposes and intent of the Control, Regulate and Tax Adult Use of Marijuana Act.

7. Section 26039.3, subdivision (f), of the Code states:

The department may condemn cannabis or a cannabis product under the provisions of this section. A proceeding for condemnation shall be subject to appropriate notice to, and the opportunity for a hearing with regard to, the person or licensee affected in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(1) Upon a finding by the administrative law judge that the cannabis or cannabis product is adulterated or misbranded, or that its sale is otherwise in violation of this division, the administrative law judge may direct the cannabis or cannabis product to be destroyed at the expense of the licensee or product owner and under the supervision of the department. The licensee or owner of the affected cannabis or cannabis product shall pay fees and reasonable costs, including the costs of storage, testing, and supervision, incurred by the department in investigating and prosecuting the action taken pursuant to this section.

(2) Upon a finding by the administrative law judge that the adulteration or misbranding can be corrected by proper labeling or additional processing of the cannabis or cannabis product and that all provisions of this division can be complied with, the administrative law judge may direct the cannabis or cannabis products to be brought into compliance under the department's supervision. . .

STATUTORY PROVISIONS

8. Section 26039.1 of the Code states:

(a) When the department has evidence that cannabis or a cannabis product is adulterated or misbranded, the department shall notify the licensee. The licensee may conduct a voluntary recall of the affected cannabis or cannabis product and may remediate the cannabis or cannabis product, if approved by the department, or shall destroy the affected cannabis or cannabis product under the supervision of the department.

(b) The department may issue a mandatory recall order and require the licensee to immediately cease distribution of cannabis or a cannabis product and recall the cannabis or cannabis product if the department determines both of the following:

(1) The cultivation, manufacture, distribution, or sale of the cannabis or cannabis product creates or poses an immediate and serious threat to human life or health.

(2) Other procedures available to the department to remedy or prevent the occurrence of the situation would result in an unreasonable delay.

(c) The department shall provide the licensee an opportunity for an informal proceeding on the matter, as determined by the department, within five days, on the actions required by the order and on why the cannabis or cannabis product should not be recalled. Following the proceeding, the order shall be affirmed, modified, or set aside as determined appropriate by the department.

(d) The department's powers set forth in this section expressly include the power to order movement, segregation, isolation, or destruction of cannabis or cannabis products, as well as the power to hold cannabis or cannabis products in place.

(e) If the department determines it is necessary, it may issue the mandatory recall order, may conduct the recall, and may use all appropriate measures to obtain reimbursement from the licensee for any and all costs associated with these orders. All funds obtained by the department from these efforts shall be deposited in the Cannabis Control Fund, and shall be available for use by the department upon appropriation by the Legislature.

(f) It is unlawful to move or allow to be moved cannabis or a cannabis product subject to an order issued pursuant to this section unless that person has first obtained written authorization from the department.

9. Section 26039.3 of the Code states:

(a) If the department finds or has probable cause to believe that cannabis or a cannabis product is adulterated or misbranded within the meaning of this division, or the sale of the cannabis or cannabis product would be in violation of this division, the department shall affix to the cannabis or cannabis product, or component thereof, a tag or other appropriate marking. The department shall give notice that the cannabis or cannabis product is, or is suspected of being, adulterated or misbranded, or the sale of the cannabis or cannabis product would be in violation of this division and has been embargoed and that the cannabis or cannabis product shall not be removed or disposed of by sale or otherwise until permission for removal or disposal is given by the department or a court.

1 (b)(1) It is unlawful to remove, sell, or dispose of embargoed cannabis or an
2 embargoed cannabis product without written permission of the department or a court. The
3 removal, sale, or disposal of each item of embargoed cannabis or cannabis product without
4 written permission of the department constitutes a violation of this subdivision. A violation
5 of this subdivision is subject to a citation and fine of not more than ten thousand dollars
6 (\$10,000).

7 (2) Notwithstanding paragraph (1), a licensed cultivator may request permission for
8 the continued cultivation or harvesting of the cannabis subject to embargo. The department
9 may authorize, and may impose conditions on, the continued cultivation or harvesting of
10 the cannabis subject to embargo.

11 (c) If the adulteration or misbranding can be corrected by proper labeling or
12 additional processing of the cannabis or cannabis product and all of the provisions of this
13 division can be complied with, the licensee may request that the department remove the tag
14 or other marking to permit correction. If, under the supervision of the department, the
15 adulteration or misbranding has been corrected, the department may remove the tag or other
16 marking. Cannabis and cannabis products found at an unlicensed location, or cultivated,
17 processed, produced, or manufactured at an unlicensed location, or derived from an
18 unlicensed source, cannot be corrected and shall be destroyed.

19 (d) If the department finds that cannabis or a cannabis product that is embargoed is
20 not adulterated or misbranded, or that its sale is not otherwise in violation of this division,
21 the department may remove the tag or other marking.

22 10. Section 26039.5 of the Code states:

23 (a) Cannabis or a cannabis product is misbranded if it is any of the following:

24 (1) Cultivated, processed, manufactured, packed, or held in a location not duly

REGULATORY PROVISIONS

11. California Code of Regulations, title 4, section 17398, in part, states:

(c) Packages of bulk cannabis or cannabis products shall be labeled with the following:

...

(2) The UID assigned to the cannabis or cannabis products;

...

12. California Code of Regulations, title 4, section 17801.5 states:

(b) To embargo cannabis or cannabis products, the Department shall:

(1) Provide initial notice to the licensee or product owner that the cannabis or cannabis products are subject to embargo and the reason for the embargo. Initial notice may be oral or written and may be provided in person or by telephone, mail, facsimile transmission, email, or other electronic means;

(2) Affix a tag or marking to the cannabis or cannabis products, or component thereof, subject to embargo; and

(3) Provide an inventory of the embargoed items to the licensee or product owner.

(c) The Department shall provide a supplemental written notice to the licensee or product owner of the embargoed items that includes the following:

(1) The factual and legal bases for the embargo;

(2) A description of the cannabis or cannabis products under embargo;

(3) A request for a written plan to address the items under embargo and the issues(s) that resulted in the embargo;

(5) Notification that the embargoed items cannot be removed from embargo, sold, or disposed of without authorization of the Department or a court; and

(6) The penalty for violation of the embargo.

1 (d) The licensee or product owner may submit a written plan to the Department
2 that describes how the licensee or product owner will address the items under embargo and
the issue(s) that resulted in the embargo.

3 (1) If the Department determines that the plan will resolve the issue(s) that
4 resulted in the embargo, and that all of the provisions of the Act and this division can
be complied with, the Department will approve the plan and supervise the completion
5 of the plan.

6 (2) If the Department cannot approve the plan, or the Department does not
7 receive a response from the licensee within seven (7) calendar days after providing
the notice described in subsection (c), the Department may initiate condemnation
proceedings in accordance with Business and Professions Code section 26039.3(f).

8 (e) A licensee or product owner or their authorized representative may agree in
9 writing to the voluntary condemnation and destruction of the cannabis and cannabis
10 products subject to embargo. Destruction and disposal of the cannabis or cannabis products

provided written approval and removed the embargo tag.

14 (g) A licensee or product owner shall not remove from embargo, sell, or dispose of
15 any cannabis or cannabis products under embargo without written permission of the

request shall be made to the Department in writing at compliance@cannabis.ca.gov and

FACTUAL ALLEGATIONS

1
2 14. On or about October 10, 2025, Department staff went to Respondent’s premises to
3 conduct a regulatory compliance inspection.

4 15. Department staff accessed the distribution area of Respondent’s premises, as
5 indicated on its premises diagram. In room nineteen (19), as listed on the premises diagram,
6 Department staff found bulk cannabis trim and several jars of distillate without unique identifier
7 (UID) tags, stored inside four refrigerators. Department staff separated the cannabis and distillate
8 identified as potentially unsourced, inventoried and placed them under embargo.

9 16. On October 16, 2025, Department staff conducted a regulatory compliance inspection
10 of the cultivation area of Respondent’s licensed premises. Respondent’s employee, P.L.,
11 accompanied Department staff during the inspection. In Room A, Department staff located
12 approximately one thousand five hundred (1,500) immature clone cuttings. The clones were
13 stored in bins containing lots of approximately one hundred (100) cuttings each. Although UID
14 tags were present in front of the bins, the tags had not been assigned in Respondent’s California
15 Cannabis Track and Trace (CCTT) account.

16 17. In Room B, Department staff observed approximately two hundred forty-two (242)
17 cannabis plants in the vegetative stage, none of which had UID tags.

18 18. In Room C, Department staff located approximately two hundred ten (210) immature
19 plants with UID tags affixed. Department staff asked about the plants’ origin and whether
20 transfer manifests or documentation showing the source of the plants were available. P.L. was
21 unable to provide the information at that time.

22 19. In Room D, Department staff found approximately four hundred (400) flowering
23 cannabis plants. The plants had UID tags attached; however, the tags were not assigned in
24 Respondent’s CCTT account. P.L. informed Department staff that the plants had been
25 transplanted from the vegetative to the flowering stage approximately nine (9) weeks earlier.

26 20. In Room E, Department staff found approximately three hundred eighty-three (383)
27 flowering cannabis plants, each with a UID tag affixed. Department staff cross-referenced
28 several tags and confirmed that none had been entered in Respondent’s CCTT account.

1 21. In Rooms F and G, which shared a large open space, Department staff found a total of
2 approximately five hundred thirty-one (531) flowering plants. None of the plants in rooms F and
3 G had UID tags affixed.

4 22. In Room H, Department staff found approximately two thousand one hundred
5 thirteen (2,113) cannabis plants in the vegetative stage. The plants did not have UID tags affixed.
6 When asked for documentation or evidence of traceability, P.L. was unable to provide
7 documentation at the time and stated that the plants were propagated from clone cuttings taken
8 from the same mother plants referenced earlier and that he had no knowledge of their original
9 source.

10 23. In a room marked with yellow caution tape, Department staff found harvested
11 cannabis plants hanging from the ceiling. The harvested plants did not have UID tags, nor was
12 there a harvest batch name or date to identify the harvest. Respondent's staff stated that the
13 plants were "old," and they were uncertain when they had been harvested, but believed the strain
14 was Lemon Cherry Gelato.

15 24. Department staff placed the unsourced and untagged cannabis and cannabis products
16 under embargo.

17 25. On October 17, 2025, Respondent was issued a Supplemental Notice of Embargo
18 in which all of the cannabis and cannabis products that had been embargoed were listed.
19 Department staff instructed Owner Hernandez to provide a written plan in response by October
20 24, 2025. The following cannabis and cannabis products were embargoed:

26. On October 29, 2025, Respondent was again asked to submit a written plan addressing the Supplemental Notice of Embargo, as well as employee records and video surveillance footage showing the transplant of flowering cannabis plants within the cultivation area, and the three hundred eighty-three (383) flowering cannabis plants, each with a UID tag affixed. Department staff confirmed that Respondent had not assigned any of the tagged cannabis to its CCTT account. As of the filing of this action, no response had been received from Respondent.

CAUSE FOR CONDEMNATION

(Cannabis Subject to Condemnation)

Respondent failed to provide documentation establishing the origins of the cannabis in its possession or a written plan for release of the embargoed cannabis pursuant to California Code of Regulation, title 4, section 17801.5, as described more fully in paragraphs 14 through 26, above, therefore the cannabis is misbranded as defined by Code section 26039.5, and subject to condemnation pursuant to Code section 26039.3.
